WIRE STRIKE PROTECTION SYSTEM™

The *WSPS*™ is designed to provide a *measure of protection* for helicopters to the consequences of an encounter with *horizontally strung wires and cables*.

LOW COST • LIGHT WEIGHT • MAINTENANCE FREE • PASSIVE SYSTEM

HOW IT WORKS

The WSPS reduces risks to operators and equipment by:

- Reducing the chance of wires penetrating the cockpit through the windshield
- Reducing the possibility of wires contacting the rotors or control linkages to cause flight control damage
- Reducing the possibility of wires becoming ensnared in the landing gear or other equipment

OUR KITS

We make kits for the following OEMs:

EUROCOPTER
BELL HELICOPTER
MD HELICOPTERS
AGUSTA WESTLAND
SIKORSKY
BOEING
KAWASAKI
DENEL AVIATION
KAZAN
KAMOV
HINDUSTAN AERONAUTICS LTD

Configuration of kits varies depending on variant of helicopter and protection requirements. For a complete kit list, or for more information about the product, please contact us.

ABOUT MAGELLAN AEROSPACE

Magellan Aerospace is a global enterprise providing integrated products and services to the aerospace industry worldwide. Magellan designs, engineers, and manufactures aeroengine and aerostructure assemblies and components for aerospace markets, advanced products for military and space markets, and complementary specialty products. Magellan Aerospace is a public company whose shares trade on the Toronto Stock Exchange (TSX: MAL), with operating units throughout Canada, the United States, the United Kingdom, Poland, and India.
